

Incentives & Taxes

The Barrow County Economic Development Department aggressively pursues both state and local incentives to make the

cost of relocating and operating your business extremely competitive. Tax exemptions, fee waivers and property tax abatements are some of the incentives that make the cost of doing business in Barrow County low. Additionally, a wage rate lower than the U.S. average keeps business costs in check.

Barrow County Economic Development Department will work with your company to aggressively package the most beneficial statutory and negotiated tax, financing, development and training incentives to help you locate or expand your business enterprise in Barrow County, Georgia.
